Ajit Shah

President on behalf of team SIA

From the desk of the President

Dear Members,

The Sanand Industries Association (SIA) continues its efforts to address the important issues affecting industries in GIDC Sanand and to work towards creating a better industrial environment for all our members. During the current monsoon, we faced severe waterlogging and drainage-related challenges in various parts of GIDC Sanand. SIA has continuously taken up this matter with the concerned authorities and will continue to pursue a permanent and effective solution.

At the same time, I am pleased to share some positive developments and initiatives:

Plantation Drive by SIA

SIA has undertaken a major plantation initiative to make GIDC Sanand greener and more environmentally sustainable. We are committed to increasing green cover and encouraging every industry to participate in this important initiative.

Stamp Duty Issue

SIA has actively represented the concerns of industries regarding stamp duty, and we find the solution. Government announce great relief in stamp duty and penalty. we sincerely thanks to govt.of Gujarat for considering our request.

Major Issues are Still Pending

Despite our continuous efforts, the following important issues require urgent attention and resolution:

1. UGVCL – Power-related Issues

Industries continue to face concerns regarding power supply, interruptions and related infrastructure. SIA will continue to pursue these matters with UGVCL and the concerned authorities for reliable and uninterrupted power supply.

2. Double Taxation

Industries are facing the burden of property tax/service charges being imposed in addition to GIDC charges. SIA is actively pursuing this issue with the concerned authorities and will make every effort to achieve a fair and permanent solution.

Dear Members, SIA stands committed to representing the collective interests of the industrial community of Sanand. With unity, continuous dialogue and constructive engagement with the authorities, I am confident that we can resolve these pending issues and further strengthen GIDC Sanand as a leading industrial destination.

I sincerely appreciate the cooperation, support and patience of all our members.

Together, we will make Sanand GIDC stronger, greener and better.

With warm regards,

Ajit Shah

President on behalf of team SIA

From the desk of the Secretary

Dear Members,

It gives me immense pleasure to share the progress and future vision of the Sanand Industries Association (SIA). Over the years, SIA has continuously worked towards creating a stronger industrial ecosystem in GIDC Sanand, and today we stand at the threshold of several significant milestones.

Sharadkumar Patel
Secretary, Sanand GIDC

At SIA, we are not only addressing today's challenges but also building tomorrow's opportunities. Through initiatives such as the Mini ITI & Industrial Training Centre, One Lakh Tree Plantation Mission, enhanced fire & emergency services, infrastructure development, worker welfare programs, and sustainable waste management practices, we are creating a stronger foundation for future growth.

Our Vision 2030 is clear—to transform GIDC Sanand into a world-class industrial estate driven by skilled manpower, smart infrastructure, environmental sustainability, industrial safety, and innovation. Every project we undertake today is a step towards achieving that vision.

I sincerely thank all our members, partners, and stakeholders for their continued support. Together, we are shaping not just an industrial estate, but a sustainable and prosperous future for generations to come.

“Together We Build. Together We Grow. Together We Lead.”

Best wishes,

Sharadkumar Patel
Secretary, Sanand GIDC
